**Theme:** No Ordinary Evening of Witchcraft and Wizardry: An Evening at Hogwarts

**History:** *No Ordinary Evening* is an extraordinary celebration founded to remember the life of Declan Drumm Sullivan, who tragically died in an accident at the University of Notre Dame on October 27, 2010. The Declan Drumm Sullivan Memorial Fund supports organizations that demonstrate extraordinary local impact in the areas of education and community service. The primary beneficiary of the Fund and the event is Horizons for Youth.

Horizons for Youth is Chicago's only organization working with students from low-resource neighborhoods that provides need-based scholarships, comprehensive support programs, and educational resources for students of all academic ability levels from kindergarten through the start of their career. Over 30 years, Horizons for Youth has partnered with Chicago's public, charter, private, and faith-based schools, along with dedicated families, to provide tuition scholarships, one-on-one mentoring, individualized tutoring, a summer academic program, family support programs, monthly enrichment opportunities, high school and college preparation, and college persistence support. Horizons for Youth currently serves 201 students. To date, 84% of Horizons for Youth high school program graduates have either graduated from college or are still on track to graduate. They are persisting at a rate nearly *ten times greater* than their socioeconomic peers, demonstrating the effectiveness and life-changing impact of Horizons for Youth programming.

**Opportunity:** In the first twelve years of this event, *No Ordinary Evening* has raised almost \$8 million for the Declan Drumm Sullivan Memorial Fund and successfully helped over 80 sponsors fund a deserving organization and receive a meaningful branding experience.

Support Program

## OUR IMPACT:

### Consistent, Outstanding Results

Nationally, only 11% of youth born into the lowest-economic quintile earn a college degree. Our college-persistence rate stands in stark contrast to this, with 84% of our High School Program graduates either having completed college or continuing to persist toward graduation.

We are Chicago's only organization providing a comprehensive suite of wraparound services and tuition scholarships for children at both the elementary and high school levels, with continued academic and socio-emotional support throughout college.

## OUR GROWTH:

### From 5 Kindergarteners to over 200 K-College Students

Founded in 1991, we began with five children as an elementary-only scholarship and mentoring organization and have evolved over time to continue to meet our students' emerging needs. For the 2023-2024 school year, we're serving over 201 students, aged kindergarten through college, and their families, from high-need areas on the south and west sides of Chicago.
