

# HORIZONS FOR YOUTH

Support. Educate. Transform.

Horizons for Youth is a community committed to helping children recognize and achieve their full potential. We are dedicated to understanding each individual student's need and filling that gap. Our mission is to transform the life of a child by providing targeted resources, rooted in education, in trusting partnership with their family and community. Through a series of highly coordinated, targeted support services, we create spaces for youth of all ages and academic ability levels to succeed.

## FAMILY PARTNERSHIPS

Recognizing that our work cannot be done alone, our model includes the whole family. We work with our families to ensure their success in committing to the program, coach them to become advocates for their children, and provide them with networks that address their needs beyond the classroom.

Support begins with our school selection process and ensuring the best fit for each student. Our program managers work individually with students to ensure they are on track or ahead of their grade level, through a unique combination of academic monitoring and interventions. We support our students from kindergarten through post-secondary, truly understanding their needs every step of the way.

## ACADEMIC RESOURCES

## COMMUNITY NETWORKS

Our families' needs are vast, but so is our community. By leveraging our mentor relationships, community partnerships, and corporate engagement, we find the resources our families need year over year. Our external partnerships allow our students and families the access and resources they need to build relationships in our community that will serve them for a lifetime.

# STUDENT SPONSORS

**We are expanding our Student Sponsor Program!**

Join our community in this life-changing capacity for student support. This segment of donors is fundamental to enabling the programs that help students achieve their goals. The program is divided into three giving levels to tailor to individual philanthropic interests.

## ACADEMIC

**\$5,000**

Academic Sponsors support our foundational tuition assistance component of programming. Students' academic journeys with Horizons start with their best-fit school. When that school is tuition-based, parochial, private, we step in to make their attendance possible. Student sponsors help fund this important element for our students. Students deserve to learn in the environment that will encourage their most successful pathway! Sponsors have the option of being paired with a specific student to support or to donate to this general expense.

Enrichment Sponsors support the crucial supplemental programming that supports students' academic and socioemotional needs outside of the classroom. With the unique longevity created by our model, we are able to offer students individualized and age-specific support that helps create their pathways to success. Sponsors will support programming like tutoring, mentoring, counseling, career-exploration, diverse learning interventions, among others. Sponsors have the option to of being paired with a specific student to support or to donate to this general expense.

**\$5,000**

## ENRICHMENT

## ACADEMIC

## & ENRICHMENT

**\$10,000**

Academic and Enrichment Sponsors support both of these elements of students' needs at Horizons. The combination of tuition support and supplemental program support encompasses the whole model of how Horizons for Youth helps usher students from kindergarten into a career pathway for success after high school. Sponsors have the option to of being paired with a specific student to support or to donate to this general expense.

# PROGRAM ADVOCATES

## Looking for more ways to support?

Our programs are only possible because of the partnership and support of our advocates. Donors interested in specific program support can consider these components based on their own giving goals!
